THE CONCEPT OF CAREER GUIDANCE

- ▶ The hungarian terminology expresses professional help in:
 - Career choice and
 - Career development

CHANGES IN THE SYSTEM

As a result of permanent changes in career counselling is now a multi-party system which ensure the support in the field of education and labour and it is essential to prepare for a career.

THE NATIONAL SYSTEM OF VOCATIONAL GUIDANCE

LEGAL BACKGROUND

- ▶ The rules to apply to secondary schools and the process of preliminary depends on the 20/2012. (VIII. 31.) EMMI regulation.
- ▶ By the beginning of the school year the next school year schedule is controlled by this regulation. It contains the timing of preliminary to secondary school and Public Educational Bridge program for the current school year.
- ▶ Deadlines are determined when secondary schools publicize the course codes and career choice. Information available on this website in the session of secondary schooling:
http://www.oktatas.hu/hivatali_ugyek
- ▶ After that schools publish the information on their own websites.
- ▶ It begins with the primary school students' application which they arrange via the filled out application form.
